

The Cove

"It is in the shelter of each other that the people live".

Irish Proverb

This is our waiting room. Our aim is to make the waiting for appointments or your children and young people as comfortable as possible. The separation of your child or ward into therapy and the reunification after, are the most important transitions and ones that we advocate.

"You are mistaken if you think we have to lower ourselves to communicate with children. On the contrary, we have to reach up to their feelings, stretch, stand on our tiptoes."

Janusz Korczak 1925
